1.0 INTRODUCTION

Budget is a veritable fiscal tool of measuring economic growth and development. It is essential to review the Budget performance periodically to achieve the set targets. One of the targets is to ensure compliance with budgetary provisions and prevent or reduce variance. Also, the State Fiscal Transparency, Accountability and Sustainability Programme-for-Result requires quarterly review of the Budget. Consequently, the second quarter (Q2) review of the 2020 Budget performance was carried out in July, 2020.

The 2020 Budget christened “Budget of Deliverables” was prepared in line with the five cardinal programmes of the administration namely: Agriculture and Rural Development, Knowledge Economy, Social Investment, Infrastructure and Industrial Development and Governance all aimed at sustainable economic development of the State.

The Budget was prepared, considering various macro-economic assumptions. The oil benchmark was put at \$50 bpd in the 2020 Budget and later reduced to \$20 bpd in the 2020 Revised Budget as a result of COVID-19 outbreak which led to unprecedented fall in the price of Crude Oil. Other economic indicators were also reviewed in line with the current economic realities.

OBSERVATIONS ON REVENUE PERFORMANCE

- i. **FAAC:** The Federal Allocation to the State as at 30th June, 2020 was **₦15,653,024,534.03**. This represents **139%** performance as against the **104%** recorded in 2019 and **91%** recorded in 2018. The performance in the FAAC statutory allocation could be attributed to the following reasons:
 - (i) A subtle agreement between Russia and Saudi Arabia to agree on production cut.
 - (ii) Improved price of Crude Oil in the global market after the lockdown.
 - (iii) Oil production cut among OPEC members.
- ii. **IGR (MDAs):** IGR performance during the period under review was **96%** as against **54%** recorded in 2019 and **87%** in 2018. This could be attributed to the lifting of the lockdown of the State and increase in the PAYE remittance by Tertiary Institutions.
- iii. **IGR (Tertiary Institutions):** IGR performance for Tertiary Institutions in the period was **97%** as against **95%** recorded in 2019 and **126%** recorded in 2018.
- iv. **VAT:** VAT recorded **105%** level of performance as against **105%** and **78%** recorded in years 2019 and 2018 respectively. This performance could be attributed to the increase in the VAT rate from 5% to 7.5% which commenced in January, 2020 and opening of economic activities after the lockdown.
- v. **State Fiscal Transparency Accountability and Sustainability (SFTAS):** SFTAS recorded **100%** during the period under review. Nothing was realized under this Head in year 2019 and 2018 due to the delay in disbursement of the Grant for year 2018 accruing to the Ekiti State which was later released in March, 2020.
- vi. **Innovative and Development Effectiveness for Acquisition of Skills (IDEAS):-** No amount was realized under this revenue Head during the period under review. The preparatory works for the IDEAS programme are expected to commence later in the course of year 2020.
- vii. **Draw-Down: External (Grants/Loans):** The sum of **₦3,473,985,187.37** was realized during the period under review thus, representing **125%** performance as against **45%** recorded in 2019 and **289%** recorded in 2018. The performance was attributed to commitment of the State Government to the timely release of matching grants.

- viii. **Loan – Internal:** The sum of **₦11,692,417,365.00** was expected as Internal Loans in the second quarter of year 2020. However, as at 30th June, 2020 the sum of **₦98,834,730.00** was realized as loan representing **1%** performance. The administration has commenced the process of obtaining loan facilities to improve the health, education and agricultural sectors in the State. This will no doubt improve the performance of this revenue head in subsequent quarters.
- ix. **Sundry Income: (FAAC Augmentation, Refund from NNPC & Proceeds from Sales of Fertilizer):** The sum of **₦300,000,000.00**, was expected from this Head at the end of the second quarter. As at 30th June, 2020 the sum of **₦2,215,044,012.81** was realized, representing **738%** performance. This is attributed to suspension of all deductions from source such as Budget Support facility, Excess Crude loan facility and Federal Government Salary Bailout to cushion the effect of COVID-19
- x. **Others: Sundry Income:** The sum of **₦329,770,666.06** was expected from this Head in the second quarter of year 2020. The sum of **₦17,609,842.77** was realized during the period under review, representing **5%** performance as against **93%** achieved in 2019 and **106%** realized in 2018.
- xi. **Others (Transfer from Prior Fiscal Year):** The sum of **₦7,725,693,310.26** was transferred to the current fiscal year. However, the entire amount on this Head was spent thus, representing **100%** level of performance.
- xii. **COVID-19 Proceed:** The sum of **400,000,000.00** was earmarked as proceed of COVID-19 donations. However, the total sum of **₦571,445,083.55** was realized within the period under reference representing **143%** level of performance.

6.0 RECOMMENDATIONS

The Budget Reconciliation Committee made the following recommendations:

- (i) MDAs should intensify effort to improve on their revenue performance;
- (ii) MDAs with remarkable performance on revenue should be motivated to encourage others;
- (iii) MDAs should intensify effort to access more Capital Vote as against Recurrent Vote; and
- (iv) MDAs should adhere strictly to budgetary provisions and maintain fiscal discipline.

7.0 CONCLUSION

The Second Quarter Appraisal of 2020 Budget was carried out with a view to determining the actual level of performances on Revenue and Expenditure by MDAs in the State during the period under review. The overall performance level of the Revenue was **84%** as against **76%** recorded in 2019. It should be noted that **97%** was recorded in the Internally Generated Revenue of Tertiary Institutions while the performance of Ministries, Departments and Agencies (MDAs) was **96%** in the second quarter of 2020. However, the performance can be improved upon through concentration on the informal sector of the State in the next quarter.

The Budget appraisal also indicated that the ratio of recurrent expenditure to capital expenditure is **75:25** as against **77:23** in 2019. It is expected that concerted efforts would be made to improve on the implementation of Capital projects in subsequent quarters of the year.
