6.0 RECOMMENDATIONS

The Budget Reconciliation Committee made the following recommendations:

- (i) Efforts should be made to automate the offices of Fiscal Coordinating Agencies and make them handshake to reduce the bottlenecks in collating returns on Budget performance.
- (ii) MDAs should intensify effort to improve on their revenue performance;
- (iii) MDAs with remarkable performance on revenue should be motivated to encourage others;
- (iv) MDAs should intensify effort to access more Capital Vote as against Recurrent Vote; and
- (v) MDAs should adhere strictly to budgetary provisions and maintain fiscal discipline.

7.0 CONCLUSION

The overall performance level of the Revenue was **101%** as against **68%** recorded in 2019. It should be noted that **71%** was recorded in the Internally Generated Revenue of Tertiary Institutions while the performance of Ministries, Departments and Agencies (MDAs) was **104%** in the 2020 fiscal year. However, the performance can be improved upon by widening the revenue from the informal sector of the State in the next fiscal year. The introduction of Land Use Charge is a right step in this direction.

The Budget appraisal also indicated that the ratio of recurrent expenditure to capital expenditure is **64:36** as against **83:23** in 2019. While the ratio is an improvement over the previous year's performance, it is expected that concerted efforts would be made to improve on the implementation of Capital projects in 2021 fiscal year to further improve the Capital/Recurrent ratio.
