1 Summary of Performance

1.A Introduction

This Budget Implementation Report for Ekiti State is prepared and published quarterly within four (4) weeks from the end of each quarter.

This Report includes the original approved Budget for the year 2025 against each organizational unit for each of the core economic classification of expenditure (Personnel, Overheads, Capital and Others), the actual expenditure for the Quarter (Q2) attributed to each organizational unit, as well as balances against each of the approved revenue and expenditure line.

This Q2 Report is assessed against the 2025 Original Budget.

The core economic classifications are:

- Personnel – Economic Sub-Account Type 21
- Overheads – Economic Account Class 2202
- Capital - Economic Sub-Account Type 23
- Others - Economic Account Classes 2203-2209 as applicable

The Report also includes sections 4 and 5 containing detailed Reports on Primary Healthcare and Basic Education expenditures, respectively.

This Budget Implementation Report is produced by the Ministry of Budget and Economic Planning in conjunction with the Ministry of Finance, Office of the State Accountant-General, Office of the State Auditor-General and the Internal Revenue Service, being the MDAs that constitute the Fiscal Coordinating Agencies, and published on the Ekiti State website at <http://www.ekitistate.gov.ng/>

1.B Revenue Performance

- i. **OPENING BALANCE:** The sum of **₦70,003,536,831.06** was the opening balance for the 2025 fiscal year. The figure was culled from the audited 2024 Financial Statement and it supersedes the amount of **₦58,503,536,981.06** posted in Q1 which was obtained from the then unaudited 2024 Financial Statements of the State. It is imperative to note that a substantial portion of the Opening Balance were receipts for externally financed programmes and projects from various Development Partners which were unspent in 2024. Some of the programmes/projects are Universal Basic Education Fund, Nigeria for Women Project, Rural Agricultural Access Marketing Project etc. These projects are executed based on a defined work plan and timelines.
- ii. **STATUTORY ALLOCATION (Federal Allocation and Value Added Tax):** The sum of **₦223,077,009,651.82** was projected as the Government Share of Statutory Allocation (Federal Allocation and Value Added Tax) in the 2025 Approved Budget.

However, the sum of **₦59,368,123,399.00** was realized in Quarter 2, 2025, bringing the Q2 year-to-date (YTD) total to **₦93,197,792,187.21**. This implies a **41.8%** performance as against the YTD Q2 target of 50%. The considerably strong performance could be attributed to some special releases from the Federation Account to the State. These include Natural Liquefied Natural Gas (NLNG) Dividends and other FAAC releases.

- iii. **INDEPENDENT REVENUE (IGR):** The sum of **₦29,069,979,951.67** was budgeted as Independent Revenue in the 2025 Approved Budget. However, the sum of **₦13,034,584,163.52** was realized in Q2 bringing the Quarter 2 year-to-date total to **₦27,511,106,177.89**. This represents **94.6%** performance as against the 50% target in Q2. This impressive performance could be attributed to the exponential increase in Personal Tax and the proactiveness of the officials of the Internal Revenue Service (IRS) in improving the means of revenue collection in the State. Meanwhile, notable MDAs such as the Ministry of Health and Human Services have exceeded their Revenue projections in the Budget; the affected Heads have been noted for upward review in the proposed 2025 Revised Budget.
- iv. **AIDS AND GRANTS:** The sum of **₦28,112,392,400.00** was budgeted as revenue from Aids and Grants in the 2025 Approved Budget. However, the sum of **₦13,381,608,075.75** was actually received in the Quarter (Q2), bringing the YTD total to **₦14,621,556,094.77**. This represents **52%** performance when compared with the 50% target for Q2. This impressive performance could be attributed to the revenue obtained from the implementation of specific Donor finance programmes and projects such as the State Action on Business Enabling Reform (SABER) and RAAMP in the period under review.
- v. **CAPITAL DEVELOPMENT FUND (CDF) RECEIPTS:** Under this revenue head, the sum of **₦76,394,876,020.85** was budgeted as revenue in the 2025 Approved Budget. However, the sum of **₦9,411,093,714.49** was realized in the second quarter (Q2), bringing the YTD total to **₦19,877,833,706.49**. This implies **26%** performance as against the 50% projection for Q2 year-to-date.

In conclusion, the Total Revenue performance (including the Opening Balance) in the period under review, was **₦225,211,824,997.42** as against the budgeted amount of **₦375,790,077,618.15**. This represents an impressive **60%** year-to-date performance.

1.C Recurrent Expenditure Performance

This is made up of Personnel Costs and Other Recurrent Costs.

- **Personnel Costs:** Under this Expenditure Head, the sum of **₦62,508,068,087.16** was estimated in the 2025 Budget. However, the sum of **₦15,729,818,238.84** was expended on Personnel Costs for the second quarter (Q2), bringing the year-to-date total to **₦30,531,261,564.30**. This represents **48.8%** performance. This performance could be attributed to the timely payment of the salaries of

workers. However, the projections for MDAs which have exceeded their target by Q2 was due to the commencement of the implement of the new minimum wage structure in the State. Meanwhile, the affected Heads have been noted for upward review in the proposed 2025 Revised Budget.

- Other Recurrent Costs: The sum of **₦129,553,502,401.45** was estimated for other Recurrent Costs in the 2025 Approved Budget. However, the sum of **₦34,560,819,969.10** was spent in Q2, bringing the year-to-date total to **₦70,573,035,934.81**. This represents **54.5%** performance. However, some MDAs exhausted and exceeded their Overhead projections for the year for some routine activities such as the Conduct of School Examinations. This was due to the payment of registration fees for WAEC, the Basic Education Certificate Examination and the School Leaving Certificate Examinations for Students of Public Secondary, Junior and Primary Schools in the State. Also, the following MDAs exceeded their budgetary provisions due to the following reasons:
 - Muslim Pilgrims Welfare Board: To facilitate some state contingents to the Pre-Hajj and Hajj Pilgrims Exercise.
 - Scholarship Board: To facilitate the disbursement of bursary and scholarship to Ekiti State Students in various Institutions within and outside the country.
 - Ekiti State Sports Commission: Due to the need to carry out emergency repair/renovation and facelift of the Oluyemi Kayode Stadium, Ado Ekiti

However, the affected Heads have been noted for upward review in the proposed 2025 Revised Budget. Furthermore, three MDAs have not accessed their overhead votes (Economic Management Team, Special Adviser on Corporate Sector Relations and Federal Matters, and Ekiti State Export Promotion Council) due to the nature of the activities which are expected to commence in the second half of the year.

- Public Debt Charges: The sum of **₦17,900,000,000.00** was projected for Public Debts Charges in the 2025 Approved Budget. However, the sum of **₦7,684,941,905.17** was spent in Q2 on this Expenditure Head, bringing the year-to-date total to **₦15,323,413,633.88**, thus implying **86%** performance. The over-performance could be attributed to the commencement of the repayment on the facility obtained for the implementation of the Ring Road project in the State, which was not projected in the original budget.

1.D Capital Expenditure Performance

Capital Expenditure: The sum of **₦183,728,507,129.54** was budgeted for Capital Projects in the 2025 Approved Budget. In Quarter Q2, the actual Capital Expenditure was **₦23,565,512,847.61**, bringing the year-to-date total to

N56,100,796,289.18,30, implying **30.5%** performance. It is worthy of note that some MDAs did not access their capital budget in Q2 based on the peculiarity/timelines of their projects. Furthermore, some MDAs exceeded their capital estimates based on the urgency and importance of such projects. However, necessary upward reviews will be effected in the proposed 2025 Revised Budget.

In conclusion, the 2025 Expenditure Performance of the Budget in Q2 was **N73,856,321,055.55**, bringing the year-to-date total to **N157,205,093,788.29**, as against the budgeted amount of **N375,790,077,618.15**. This represents **42%** year-to-date performance.

5 Basic Education Budget Performance

5.A Overview

The sum of **₦7,803,464,486.52** was budgeted for the programmes/projects/activities of Basic Education. However, the sum of **₦767,164,006.75** was expended in this regard year-to-date Q2, implying **9.8%** performance. This relatively low performance could be attributed to the fact that the State Government is about to award the UBEC projects to vendors having recently received the connected draw-down (funds) from the Universal Basic Education Commission (UBEC). It is envisaged that performance of the Budget in respect of Basic Education will improve in the last two Quarters of the year.

This signifies a **14%** performance for Q2. However, the actual Capital Expenditure year to date was **₦245,456,084.69**. This signifies a **3.5%** performance. However, this relatively low performance could be attributed to the fact that the State Government is about to award the UBEC projects to vendors having recently received the connected draw-down (funds) from the Universal Basic Education Commission (UBEC). It is envisaged that performance of the Budget in respect of Basic Education will improve in the last two Quarters of the year.

A summary of the performance Year to Date (YTD) against the original budget is provided below for the main economic classifications of expenditure, and YTD against the programme segment (Objective level).
